KILLEARN ROYAL MAX - HE SELLS!

FRIDAY, SEPTEMBER 30, 1949 - CARROL, IOWA

Dispersion Sale

KILLEARN ROYAL MAX
Sire, Killearn Max 5th
Purchased at \$3,100 by Wright Farms, Carroll, Iowa
in 1949 Gallinger Sale.

From the Owner

In giving prospective buyers a brief history of The Wright Farm Shorthorns. I naturally turn to Alvin Sanders' "Shorthorn Cattle" and "Shorthorn Cattle in Canada" by Duncan Marshall, where one may find more in detail of the sires, dams, sales and show yard record of the cattle in the herd.

"The Wright Farm herd was founded in 1916 in Saskatchewan by the purchase of eight imported females from Pettit Bros. of Burlington, Ontario, and the herd sire Anoka Topsman by Lavender Sulton to head the herd. "For a period of years, the herd was shown winning a good many awards and a number of high ones with steers."

"The Honorable George Brown, Lieutenant-Governor of Saskatchewan, decided to put a herd of breeding Shorthorns in Saskatchewan, and purchased the breeding herd of W. C. Edwards and Company of Rockland, Ontario. The females bought from the Edwards Company contained some remarkably choice Shorthorn breeding. None better could be found in Canada, and the herd bull, Escanna Favorite -101034- sired by Right Sort, was purchased to head the herd. Hon. George Brown unfortunately died in less than a year after the herd was established and the whole lot were purchased by R. A. Wright of Drinkwater, Sask. The herd was primarily established on the Wright Farms to produce bulls for a commercial herd that was being operated in the Saskatchewan Dirt Hills."

The show yard record of the herd is not broad, but where shown, winnings have been gratifying. Snowball, a white Shorthorn steer was Shorthorn Champion of the 1920 International. Clipper Zee 2d, was 1st Sr. Yearling class in the Toronto Royal in 1925, and 5th at the International 1925. In 1942, the herd was brought from Saskatchewan to the Iowa farm where it is operated under the same name and ownership.

The herd has been accredited both in Canada and the United States since 1924, and has been bang tested in both countries and now is a certified herd, free from Bangs disease. The cattle have been bred and raised under natural ranch and pasture conditions without pampering and have been developed and bred to improve the breed with both health and constitution.

We at Wright Farms extend to you a special invitation to be our guest and to inspect the cattle that will be offered in our Dispersion Sale on Friday, September 30th. We hope that you can come early and look over the entire offering before the sale starts.

Robert A. Wright

CARROL, IOWA

Terms and Conditions

HEALTH - All cattle have been bangs and T. B. tested within thirty days of sale date. The last four calf crops at Wright Farms have been pretested and vaccinated for bangs with strain 19 between the ages of four and eight months.

TERMS - Cash.

GUARANTEE - Regardless of the fact that this is a dispersal sale, the cattle will be sold according to the following standard guarantee of The American Shorthorn Breeders Association.

Standard of Guarantee of American Shorthorn Breeders' Assn.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

You Can Buy Breed Improvement Here

I can safely say that prospective buyers will be pleasantly surprised at the unusually high quality that they will find in this entire offering of 127 Shorthorn cattle. Robert Wright's herd improvement program has been sound. With each generation making improvement through the use of a select group of herd sires. His expanded farm and business interests, both here at Carroll and in Canada, have required considerable time and attention, causing him to make the regrettable decision of a complete herd dispersion at a time when the breeding herd was just reaching its peak of performance. Certainly one of the most prepotent Shorthorn bloodlines today, is that of the famous Max 5th family. Aside from the fountainhead source, Killearn Farms in Canada, probably no greater quantity of this blood is available than here at Wright Farms and it is only in a dispersion such as this that breeders can purchase so much of it at one time at their own price.

You stand due profit from this kind of Shorthorns, so I do hope you will plan to be with us at Wright Farms on September 30th.

Sale Manager

GOLD BAR REVENUE

Was purchased by us in the 1945 Claude Gallinger sale for \$3500.00. He proved an outstanding sire, this reason, plus the fact that he is a blood brother to Maxine Duchess, Supreme Champion of the 1948 Toronto Royal Winter Fair, prompted Claude Gallinger to buy him back from us early this past spring for \$5000.00. He is the sire of the 1948 Iowa State Fair first prize summer yearling bull, Gold Bar Max, owned by C. L. Rees & Sons, Pleasantville, Iowa. We sell 28 of his daughters in this sale. 38 calves at foot of their dams are also sired by him.

KILLEARN ROYAL MAX - Purchased in the 1949 Claude Gallinger sale for \$3100.00. This bull had not been highly fitted when purchased, but many considered him one of the outstanding sons of his noted sire, Killearn Max 5th. He is powerfully headed, level and smooth in his lines, has a tremendously full and bulging quarter, is heavy boned and straight legged. He had a lot of style and carriage and while there will be 130 of Gold Bar Revenue daughters mated to him and selling in this sale, he has been a bull that has been easy to keep in condition and has continued to develop favorably every since we purchased him. He has many famous half brothers in the country's strongest herds today, among them the noted Killearn Max Juggler owned by Clausen Bros. of Spencer, Iowa.
